Distinguished Rector Dimitar Dimitrov,

Greetings !

On behalf of YINGGELI, I am delighted to extend our warmest congratulations to UNWE on the momentous occasion of its 105th anniversary and the successful approval of the ‘Sofia Smart Business Institute, Hebei University of Economics and Business’ recognized by the Chinese Ministry of Education under the Sino-Foreign Cooperative Education framework.

Reaching a 105-year milestone is a testament to UNWE’s unwavering commitment to academic excellence, innovation and global engagement. Throughout its illustrious history, UNWE has cultivated generations of leaders, advanced groundbreaking research and fostered cross-cultural understanding—values that resonate deeply with our shared mission in international education.

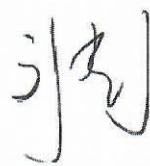

We are particularly honored to have collaborated with UNWE in achieving this significant milestone: the approval of the first Joint Institution between China and Bulgaria. This institution exemplifies the power of transnational partnership in addressing global educational challenges and equipping students with the skills and perspectives needed to thrive in an interconnected world. Its success reflects the dedication of both our teams to bridging academic traditions and creating transformative learning opportunities.

As UNWE celebrates this dual triumph, we reaffirm our commitment to strengthening our partnership. We look forward to supporting the operation of our existing collaboration and exploring new avenues that will further enrich the academic landscape for students in both Bulgaria and China.

Once again, congratulations on this historic anniversary. May UNWE continue to shine as a beacon of knowledge and global citizenship for centuries to come.

With warm regards and great anticipation for our future endeavors,

President: LIU Jiting

CEO: SHEN Rong
