Are you an ambitious graduate looking to start your career journey in an international company? We are searching for inspiring Talents to join our various professional services teams:

Audit&Assurance

The value of Audit & Assurance begins with underpinning the accuracy of a company's financial information, which shareholders use to make vital decisions. You'll travel to various client sites to get a detailed understanding of their business, identify key risks and design strategies to mitigate them.

We're transforming the way we work, to do more for our clients and our people. Creating flexibility in career paths, and more agile working. Giving you real responsibility, earlier in your career. In an industry known for looking back, we're looking beyond. Come lead the change.

Consulting

Innovation, transformation and leadership occur in many ways. At Deloitte, our team's ability to help solve clients' most complex issues is distinct. Our professionals deliver strategy and implementation, from a business and technology view, to help companies lead in the markets they compete in.

Financial Advisory

If your mind is both analytical and creative you'll thrive here. What we do goes way beyond financial planning and diligence. Business & Financial Advisory is all about finding the smartest solutions to the most complex challenges.

There are so many different aspects to be involved in and inspired by. You can learn, develop, and carve out a career that's just right for you.

Tax

Our team consists of a new generation of tax consultants who fuse strategy, technology, compliance and tax advisory to identify where businesses and organisations need to be, then get them there. Fast. This is about solving complex intellectual challenges. Helping clients make the right decisions, on a worldwide scale, by working collaboratively and creatively, by finding new, better ways of working. All of which means you get to see the bigger picture and become an expert in your specialist field.

We are looking for:

- Last-year students or fresh graduates with major in Accounting, Finance, Business Administration, Economics and Law
- Excellent command of English
- Strong analytical skills
- Proficiency in MS Word and MS Excel
- Motivated, pro-active, willing to learn and develop

We offer:

- Rewarding experience in global leader providing professional services and advice
- Intensive training opportunities and access to e-learning programs
- Competitive remuneration and opportunity for a long-term professional career development
- Practical focus and participation in real-life projects
- Excellent social benefit package
