Economic lessons, perspectives and challenges from the Balkans

13-14th October 2016, Sofia

Organized by Monetary and Economic Research Center

INFER supported event

It is a pleasure to announce the Second Annual Conference of MRC - “Monetary and Economics Scientific Conference - Economic lessons, perspectives and challenges from the Balkans”. The conference is organized by the Monetary and Economic Research Center (MRC) and will take place at the University of National and World Economy, Sofia, Bulgaria on 13-14th October, 2016.

This conference provides an opportunity for all researchers interested in contemporary issues of monetary and economic problems to discuss their research and to exchange ideas. Researchers are invited to submit both empirical and theoretical papers that are broadly consistent with the conference’s topic.

Papers from all the following fields may be submitted:

1. Monetary and Financial Economics
2. International Economics
3. Economic History and History of Economic Thought
4. Management & Marketing

The conference is open to anybody involved in these research areas, including both young and experienced researchers, Ph.D. students, post-doctoral researchers, and professionals from business, government and non-governmental institutions.

Keynote Speakers

We are happy to welcome the following internationally distinguished keynote speakers:

1. Jean Paul Pollin, Emeritus Professor of Economics, University of Orleans, former President of French Economic Association and Chief Editor of Revue Economique, one of most renewed specialist on money, credit and banking in France. His recent research is on banking regulation and safety net.
